Company Environmental Policy Statement

Triton Chemical Manufacturing Company Limited (Triton Systems) regards care for the environment, compliance with legislation and continuous improvement in standards as an integral part of its business strategy.

Triton Chemical Manufacturing Company Limited (Triton Systems) is committed to minimising the impact of its activities on the environment.

We fully recognise the nature of our business, by definition, has the potential to have a significantly adverse effect upon the natural environment unless properly managed. We are fully committed to reducing any potentially harmful impacts.

The company complies with all relevant environmental legislation.

We have set practical targets for ongoing improvements to reduce our impact on the environment in all areas of the company's activities. These include the following measures:

- Reduce waste from our manufacturing process
- Source our raw materials and packaging from like minded suppliers
- Reduce energy consumption
- Improve efficiency in both the manufacture and distribution of our products
- Actively encourage our staff to recycle wherever possible
- Reduce the use of printed and paper documents via improvements to our website and having documentation in electronic formats

The company will monitor and measure its efforts in reducing its impact on the environment.

The company will review its policy annually and set practical targets for ongoing improvements.

The company will implement a program for its staff to raise awareness of environmental issues and enlist their support in improving the company's performance.

The company will minimise waste by evaluating its operations and ensuring that they are as efficient as possible.

The company will actively promote recycling both internally and amongst its customers and suppliers.
